

Summer Term First Half 2022 Learning Journey Information

Dear Year 2 Families

4.4.22

Our new Learning Journey for Summer 1 is '**Animal Antics**'! We will be exploring the habitats of different animals in our school environment and beyond. As usual, any books or resources you have at home would be gratefully received.

As a 'Super Start' we would like the children to come to school on the first day back, **Monday 25th April**, dressed as an animal. We will be sharing facts they have found out about the animal they are dressed as, so it would be great if they could prepare a few facts to share. Can children also bring in a funny photograph with themselves with an animal? We hope this will be a fun and *inspiring* way to start our Learning Journey.

As a 'Fabulous Finish', we will be visiting Woods Mill and exploring the range of different animal habitats. The visit will take place for Pavilion and Ocean on Monday 23rd May and Regent on Tuesday 24th May.

We are really pleased with the great progress the children are making in their spelling. Keep up the good work this term and practice their spellings weekly that you should receive via SchoolPing.

If you have any skills or expertise you would like to share with us or any questions you may have, please let us know.

As always, many thanks for your ongoing support this year.

Many thanks

The Year 2 Team
